Increase your warranty from 1-year to Lifetime!

Your product comes with a 1-year manufacturer's warranty. Within the first 2 weeks from the date of purchase, you can change your warranty to a Lifetime warranty.

Simply send an email to

lifetime@alpatronix.com

Don't worry, we will not scam you, nor will we sell your information to any third party.

Your email is the warranty application. You have 2 weeks to apply from the date the product is delivered by the carrier. Terms and conditions apply.

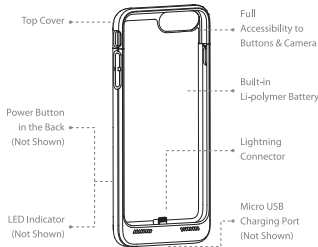

Notice:

Alpatronix warranty is only valid when you purchase from authorized sellers, and only within the country in which you purchased the product. If you are not sure whether the retailer you are purchasing from is an authorized retailer, please contact us and we will be happy to further assist you. Alpatronix sells directly on Amazon.com, and on the Alpatronix.com website. Alpatronix warranty does not cover user damage. Tampering with your device or user damage also voids the manufacturer warranty. Alpatronix warranty only covers Alpatronix products, and does not extend to proother devices our products work with.

Features

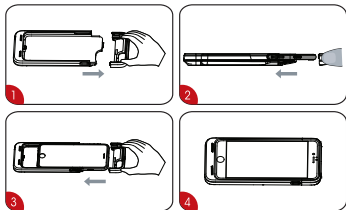

- Fully charges the iPhone X.
- Precise design for easy access to all iPhone X functions without removing it from battery case.
- Charge and sync directly through the case.
- Strong & durable construction protects your iPhone X against bumps, dents & scratches.
- Protective IC circuit efficiently avoids short-circuiting, over-charging, and malfunctions, even under extreme conditions.

Illustration

Installation

- Remove the bumper and place the iPhone into the battery case.
- Install the the bumper on top in the correct orientation. Start from the top right corner and snap into place, then work your way counterclockwise to snap all the other edges into place.
- Removing: Slide your finger under the tab on the lower left corner and peel the bumper upwards and away from your iPhone.

Note: When the battery case is turned on, you will notice the charging signal appear on your iPhone screen's battery indicator. When charging is finished, the signal will disappear. The battery case includes a USB charging cable. Only use the provided USB cable to charge and sync your battery case with a wall charger, or with a laptop/desktop. Avoid using aftermarket and non-standard cables as they can cause damage to the battery case, your phone, and/or cause overheating or fire.

Charging your Battery Case & iPhone together by cable

- Connect your battery case (iPhone already installed) to the USB power cable.
- Connect the USB power cable to any USB power source such as a computer to start charging. The battery case is programmed to let your iPhone charge first, then the battery case will charge.
- Charge until the LED indicators indicate fully charged (all 4 LEDs are solid).

Charging your iPhone using the Battery Case

- Press and hold the power button for about 3 seconds to turn on the battery case and start charging your iPhone.
- Press and hold the power button for 3 seconds again to deactivate the battery case and stop charging. This can significantly save more battery power to charge the iPhone next time.

Warning

- Read all instructions and warnings prior to using this product. Alpatronix is not responsible for improper use of this product. Improper use may result in product damage, excess heat, toxic fumes, fire, or explosion, which may cause you harm.
- Only use the included micro-USB charging cable. Using aftermarket and non-standard cables can damage the BX10, your phone, and may result in overheating and/or fire.
- Do not store battery case in high temperatures, including intense sunlight and/or heat.
- Always take used batteries to the nearest hazardous waste collection center in your area.
- Do not place battery case in fire or other excessively hot environments.
- Be cautious of excessive drops, bumps, abrasions, or other impacts to this battery case. Discontinue use if dents, tears, punctures, deformities, or corrosions are visible. Contact Alpatronix or dispose at the nearest hazardous waste collection facility.
- Do not disassemble this battery case, expose to moisture, or submerge it in liquid. Keep the battery dry at all times.

Warning

- Do not attempt to charge the battery using any method, apparatus, or connection other than the device's USB connector.
- Do not attempt to replace any part of this battery.
- If the battery case is intended to be used by a minor, purchasing adult agrees to provide detailed instructions and warnings to any minor prior to use. Failure to do so is the sole responsibility of the purchaser. Purchaser agrees to indemnify and hold harmless Alpatronix for any unintended use/misuse.
- All battery cases have gone through a thorough quality assurance inspection. If you find that your battery is excessively hot, emitting odors, deformed, abraded, cut, or is behaving abnormally, immediately stop use and contact Alpatronix by email at support@alpatronix.com or by phone at (888) 407 - 7515.
- If you intend to store or not use the battery case for more than 3 months, charge your battery case for at least 1 hour prior to storing it.
- Never dispose of battery case in the garbage. Disposal of batteries in the garbage is unlawful under state and federal laws and regulations. Always dispose of your batteries and battery-containing products at the nearest hazardous waste collection facility or a battery recycling center.
